

# Dusky Shark

---

The Dusky Laser is a green line subsea laser used when measurements are needed from video images. The green light ensure good visibility due to reduced absorption of green light in water. Small size low weight.

The Dusky Laser is a price compentetive green line subsea laser for subsea measurements, when size and weight combined with price are important.

Wavelength:	532nm
Output:	30mW
Lens:	60° (30°, 45°, 90° on request)
Housing:	Hard Grade Aluminum
Diameter:	35mm

Length ex con:	195mm
Weight:	0,4/ 0,3kg
Depth Rating:	3,000MSW
Power:	12-32V DC / 2W
Connector:	MCBH3M (or optional)
