

Open day & technology showcase

Integrated subsea technology solutions for the offshore energy sector

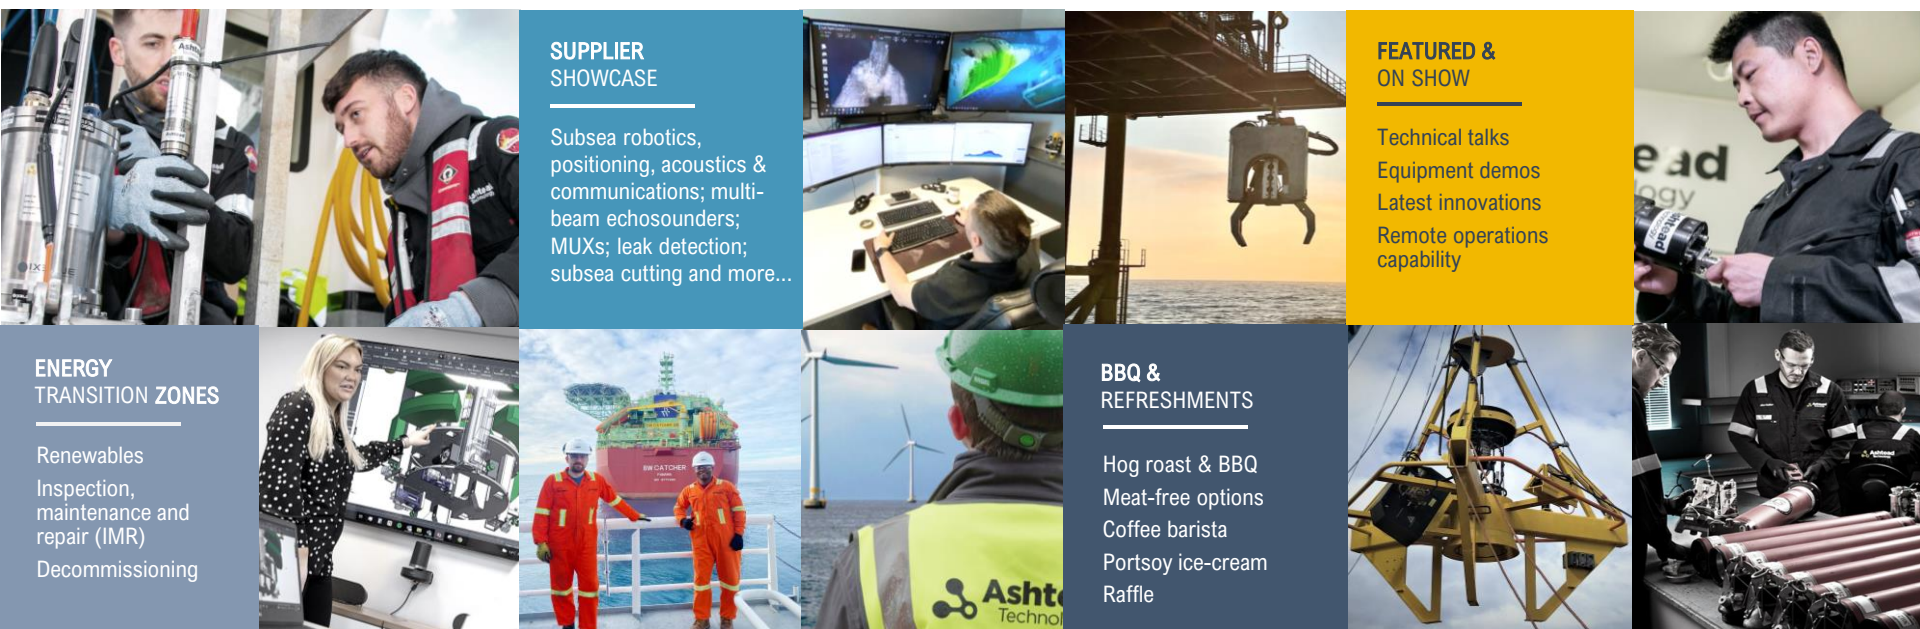

| Friday, 9 September

| drop-in 11am to 3pm

| Ashtead Technology, Westhill, AB32 6FG

We invite you and your colleagues to attend our **2022 Open Day and Technology Showcase** on **Friday 9 September**.

As a fully integrated subsea technology solutions provider, we have significantly strengthened our subsea equipment and services portfolio to support our customers' evolving requirements. We hope you can join us on the day to explore our business more and see how we can add value to your projects.

SUPPLIER SHOWCASE

Subsea robotics, positioning, acoustics & communications; multi-beam echosounders; MUXs; leak detection; subsea cutting and more...
